### Description

Start with a Nine Patch - slice it into four parts and reassemble as a four patch.

There are many ways to reassemble Disappearing Nine Patch and all of them are fun! You can see two alternatives and a slice of the nine patch by looking at the images in the top left corner of this screen.

You can rotate the block sections to look like each has been sashed or so there are no color sections to be matched. The more you rotating you do - the more interesting opportunities you create.

This block is also referred to as a '9 to 4'.
